On my two holsters I applied lots of neatsfoot oil, put my pistol in a plastic bag and with a lot of pressure made it fit (leaving it at least overnight). It darkens the leather but makes a very nice fit. I'm not sure that the holster is made of steerhide leather but using the above process makes for a fine looking wwi look.

Nicely detailed trousers and good drill fabric. They are very long but I had them altered and then from the spare fabric had four belt loops added (I even had enough spare to make up some drill fabric rank slides, so being a shortar*e pays off sometimes...). Love the XXL just received. Fabric is fantastic. Snap Fasteners show shelf life, easily retouched if desired. Initially ordered a size L based on item description - not quite. Returned for an XXL, based upon L sizing. Return process was "no wucking furries". WPG experience is solid there.

100809000

Kerr No-Buckl Sling for M1917 Enfield Rifle. The Enfield required a longer version of the Kerr sling because the sling swivels are farther apart. This sling is also available now.

This sling was the right length for the 1917 Edgystone I have. I ordered one from someone else that advertised for 1917 but it must have been for the Thompson as there was barely enough sling to hook the top part. International shipping from WPG was surprisingly quick. This is the sling for your Enfield.

This seems to be as close a match to an original 1899 valise I once saw as you could possibly imagine. It’s good right down to the lining and the heavy leather reinforcement. Who would have thought the Oliver Pattern would come to life again after more than 100 years? Certainly not Dr. Oliver, nor the British Army.

I simply could not believe the quality of this item for the price! Constructed from 'THICK' beautifully grained brown leather - excellent quality and accurately sized brass fittings. With a bit of leather oil and handling it's undetectable from the real item. There are other decent repo's of this available but not at this price.

UK Sam Browne Ammo Pouch (Improved Run)

$20.00

This is my new reproduction of the pistol ammo pouch used with British officer’s Sam Browne belts. The back has a wide leather loop to attach to the 2 3/4 inch wide Sam Browne belt.

Name: gunson - Location: NZ - Date: 16-Sep-16
A well constructed pouch. The double stitching on the back was helpful as I placed this onto an 08 officers webset which is slightly wider than the sambrowne belt, by slicing through just the inner row of stitches. Dark Browne shoe dye helped the match to my original leather holster. Very reliable delivery times.

UK Sam Browne Belt with 2 braces NEW IMPROVED
204924000
$70.00

This is a much improved version of our basic Sam Browne belt with braces. The leather is much better quality and the brass hardware is improved. It can be worn with one or two shoulder braces. Leather color is lighter, but can be darkened easily to suit the wearer.

Update

This is an update to the review I wrote earlier. I wanted to add that the cross straps aren't too long. I'm 5 foot 6 inches, with a body shape that my doctor calls 'freakishly obese,' and I wear the cross strap on the second hole from the top.

Very Good Jacket for the Price

Name: Page - Location: US - Date: 12-Jul-16

The Indy Jacket took a little longer to get to me, considering that my other items shipped faster from the UAE and the jacket came from within the US, but it was still pretty fast. Jacket looks great and is good quality. They seem to fit a bit snug, might want to go a size bigger than usual.

Yet another great offering for this earlier period. This is even better than the type III. These are great impression enhancers for the late 70s and early 80s. Be nice to see the type II havetsacks to go with it! Would like to see a version dyed fawn brown or tan, like the 78 items but other than that I have nothing.

- **Rating:** 5 stars
- **Review:** A very well constructed canteen carrier, leather, stitching and hardware are solid. Easy to fit on belt, backpack and saddle in various ways as needed. The 1910 canteen fits in well, but it's too tight for the canteen and cup together -but I'm still experimenting with stretching it. Kudos WPG for making these...

Overall the quality was outstanding. Only issue I had was with the metal closure on the retainer strap on the front of the case, it was very loose, but with some pliers I crimped it back in place. I have received many compliments as this is a hard item to find in serviceable condition. Great item for reenactments.
