In case anyone is wondering: The dimensions of my bedroll when it was fully "loaded" with a full sized Pendleton blanket (folded in thirds), a Thermarest pad, a SnugSafe jungle sleeping bag, and a microfleece full-sized inner blanket folded in half was (when rolled up and buckled with the straps) 14" tall.

The hat is a bit thin compared to some I've seen, but the color was good. The sizes are pretty correct despite the other review. (IF you wear it correctly... it needs to be tilted forward to fit properly. The point of the rear strap is to hold the hat in place on the knob located on the back of your head) It is in Euro sizes.

Gi 5-Button Sweater

The sweater is in great condition and feels and looks great too. Unfortunately, even the largest size small "fits 36-40" was way too small for even a smaller build guy like myself (I'd describe it as an X-Small), and since it was so reasonably priced, returning it wasn't worth the cost of shipping back. I'll probably check...

## US M1916 Pullover Wool Shirt

102529000

In 1916 the Army modified the olive drab wool shirt with the addition of pocket flaps. This is the shirt that served American soldiers through the Mexican campaign and WWI, and was not replaced until 1937.

I am 6'2" 200 lbs. I wear a 42L normally and the 42 of this shirt fits really well. It is long enough to tuck in no problem and fits comfortably on the body. Sleeves (which are usually a problem for me with a 36-37 arm) are a good length. I don't feel like they are too short. The body isn't too tight and I don't feel like I am fit true to size; excellent quality.

These trousers are good value for money. One point of criticism is the placement of the waist buttonhole. In my opinion it is too close to the centerline with the result that the zipper comes under tension and opens partly spontaneously. I corrected this by moving the button sideways for about 2 cm. This problem needs a fix.

Value for mony.

Authentic Trench Coat

Name: Rohan - Location: Australia - Date: 10-May-16

I received the Early Style Trench Coat today. It is a stunning garment with an air of authenticity modern fashion trenches lack. The attention to detail is incredible: chain hanger, throat latch and hook, oilskin inter-layer, intricate removable liner, gun flap, pass through pockets, under arm vents are all there.

Great service and quality. I have a Canadian issue bush jacket which is nearly identical except for no buttons on hip pockets and the belt. The advantage to the WPG is that it is long enough and roomier - you can order it to fit. This is a great jacket-jacket at an affordable price.

Very good item, fast delivery. Leather is good, strap fits through the metal loops just fine. Only issue is the strap being rivetted too high so cannot be worn comfortable. You will have to remove and rivet again, which will be very annoying to do.

French Army Khaki Trousers
506454000

Reproduction of standard French Army issue tropical uniform trousers of the 1950's and 1960's.

Average material, good craftsmanship
Name: Wang - Location: US - Date: 09-Apr-17

The material is exactly the same as mainstreet khaki pants like Dockers, the pants are cut long and tapered, so you'll need to cut off extra material before hemming, the buttons are sewn on tight which is very important, all the main seams are strong, although the front pleat seam are popping open. Just received this jacket in the mail, and I must say it is the coolest. If you don't get this jacket you will regret it until the end of your days. The photo's do not do it justice. Talon Zippers, period stampings, heavy weight material clearly mark this as a superior garment. It's out of this world both in terms of quality

Very quick shipping. Very pleased with the service. The smock looks excellent. I do like the new colours and the overall garment. Points of improvement would be widening the sleeves by at least half the size they are now. Furthermore I would suggest widening the space between the 6 newey poppers on the front.

Nice reproduction. Looks great. I've gotten many compliments. The only negative is the very narrow sleeves; it's uncomfortable to wear over anything but a thin shirt. Having never worn an original, I don't know if the narrow sleeves are by design or a flaw in WPG's manufacturing. Besides this, I am pleased.

USMC Scabbard for M1905 Bayonet

100804000

This is a new reproduction of this scarce bayonet scabbard. The story I got is that the USMC Philadelphia Depot made these up to replace worn out covers issued by the US Army Ordnance.

Really Surprised

Name: Bert - Location: USA - Date: 23-Apr-16

A lot of repro items claim to be an exact copy and seldom ever are. This one is an exception. It is a faithful copy of the USMC scabbard. A well constructed pouch. Dark Browne shoe dye helped the match to my original leather holster. Very reliable delivery times.

The overall service was excellent. The one I received had some light mothing but no significant damage. Yet another great offering for this earlier period. This is even better than the type III. These are great impression enhancers for the late 70s and early 80s. Be nice to see the type II havetsacks to go with it! Would like to see a version dyed fawn brown or tan, like the 78 items but other than that I have nothing

I ordered a 40 and it fits me in the chest and arms nicely- its a bit baggy around the waist but if you are portly you will be fine- for me it will need adjustment as others have said by splitting the liner and taking in the waist. I am of athletic proportions, not big belled! Other than that, very nice piece of gear! Special!

I am a life long horseman who rides western, English, polo, and cavalry. This saddle cloth is well made sturdy and looks great under my cavalry saddle. Would advise using it over a wool pad though as it is just an over cloth for looks and not of any benefit to the horse.

  I have purchased several pairs of these spurs for myself and others. They are correct in appearance, and structurally well made. The only change I would make would be to lengthen the top straps.
With the advent of laced riding boots, soldiers began wearing optional stirrup guards on the upper spur strap to protect the boot laces from wearing on the stirrup. NOTE: These guards will only fit on the post WWI untapered spur straps.

The pouch is beautiful and my original binoculars fit perfectly. Overall, I'm well pleased with the quality of the leather-work. Only downside is the compass in the top doesn't work. Okay for looks, but doesn't even move much - whether screwed down or not.

I bought 2 of these to go with our US Nurses Jackets because of the difficulty of getting repro skirts to match up with the exact shade of original Olive Drab and instead went for the later Pinks and Greens option. They are a good colour and pretty accurate weave. Also we needed them fast and WPG rose to

Another USMC homerun for Jerry Lee. Only negative was having to swap out the US buttons for the correct USMC buttons that were supplied. Not negative enough to effect this review however. I ordered a size up to be safe, and because I layer a service shirt and vest for colder events and it fit perfect. Thanks

Fits very well to size with the exception that the sleeves are very long - I imagine anyone would need to have the sleeves shortened by at least 1" - otherwise a nicely made and distinctive item, especially for the price.

GREAT bag! Quality product, very well made. Besides its obvious, intended use as military kit, it is a great everyday carry bag, or, god help us, "murse."
