Comments: Nice colour same as my originals, 3 of the hooks where loose enabling them to spin around so they had to be re rivited. The laces are useless so order the replacements they're cheep enough. The fit was right with the size guide.

Title: Leggings  
Comments: I received several items and have some pants and a hat on back-order. The leggings are supposed to be size 5R but they are small. I have laid them over 4R leggings and they are cut just a bit smaller. Probably got mislabeled. Not a big deal, I know someone that can use them.

## Product Reviews

Comments: Size and overall construction are good, but one of the metal strap ends that are supposed to be on the end of the strap that goes under the boot was missing. In the long run, not a big deal, but a little disappointing.

Title: PERFECT!!!  
Comments: Excellent reproduction of the M1938 legging. I compared them to the originals, and they are dead on! WPG even chose to reproduce a thicker variation of the laces. Hopefully, now that WPG has reproduced these in such a wide array of sizes, we will begin to see this under-represented equipment at reenactments.

Comments: The leggings are great! They're in outstanding condition and of very sturdy construction. The sense of the authentic in a replica like this was what really drew my eye and when I noticed the stamp for "Jeffersonville Quartermaster," I really appreciated the attention to historical detail.
