Great material

This pants material is good. Cutting is good. The only downside is the buckles are very cheap and broken. I just change to copper ones which look more grand.

1880&amp;#39;s Issue Holster

Very fine item, but has some minor issues. First, the good points: Leather is a good weight and stiffness to protect the weapon. The loop fits easily over a saber belt, and the loop is securely riveted to the body of the weapon.

Great light-to-medium weight jacket!
This isn't just a bit of "dress up kit"; this is a useful and practical jacket. It's sturdy, well assembled, fits well once washed and "broken in", and it's warmer and more windproof then it looks. If you're on the fence

A very well constructed canteen carrier, leather, stitching and hardware are solid. Easy to fit on belt, backpack and saddle in various ways as needed. The 1910 canteen fits in well, but it's too tight for the canteen cover.

US Officer Saber Carrier

I was pretty disappointed when I opened the package. I knew I might need a leather softener, but didn't expect to see lots of tarnish on the brass. I did have to buy a brass polish, and just using felt pads and getting out the polish didn't help.

Delayed delivery  
My tunic was delivered a day later due to agent not able to finish delivering all packages in the normal workday. I spent all day waiting and was never told of delay until I called at 8:30 PM on the status. The wool was a perfect match to the Tunic, excellent workmanship. Looks to complicated for me to sew on, I'm going to take it to a tailor, it looks like a great add on for the tunic.
